55 Years of American Ingenuity

4000-G

Maximize your production with a **4000-G** insulation machine. Designed for low maintenance and high production, the **4000-G** provides a large easy loading hopper while offering simple rugged performance. The **4000-G** is intended to function as a truck mount machine for the professional contractor.

- Engineered for cellulose & fiberglass blowing insulation
- Removable all steel airlock allows quick access for maintenance
- Durable powder coat finish
- 18 Hp Briggs & Stratton V-Twin engine w/positive pressure lubrication system
- 12 volt Magneton[®] Electronic Ignition system
- Positive Displacement Blower
- Large hopper capacity for less reloading time
- Convertible fold down loading door

Backed by a manufacturer's
2-YEAR WARRANTY - Made in the U.S.A.

MATERIAL PRODUCTION RATE

MATERIAL	lbs/hr (kg/hr)
FIBERGLASS	2000 (907)
CELLULOSE	4800 (2177)

lbs/hr (kg/hr) rating with 150 ft. (45.8 m.) of 4" (10.2 cm.) Hose at 16 ft. (4.8 m.) elevation, product brand, product density and variable blowing conditions will affect production rate.

• HOPPER CAPACITY •

62 cu. ft. (1.75 m³)
Loading made easy with built in convertible tray

• WEIGHT/DIMENSIONS •

1460 lbs / 43"W x 69"D x 83"H
662 kg. / 109cm x 175cm x 211cm

• BLOWER/SIZE •

Positive Displacement Blower
Blower System yields
150 CFM @ 5 PSI

**18 HP Briggs & Stratton
V-Twin Engine**
w/positive pressure lubrication system

Positive Displacement Blower
w/150 CFM @ 5 psi

Slideout Airlock System
14" x 14" diameter
(35.5cm. x 35.5cm. diameter)
4" (10cm.) Outlet

Triple Agitators
Designed for Constant Flow
