## MODERN INSULATION INC.

### – Limited Warranty for Cellulose Insulation –

For the lifetime of the structure from the date of purchase, Modern Insulation Inc. ("WARRANTOR") warrants that if its Weather Blanket Cellulose Insulation is installed according to its printed instructions on the shipping container: (a) the Insulation will be free from defects; (b) the Insulation will not deteriorate under normal and proper use; (c) the Insulation will have a flame spread rating of 0 to 25 when tested in accordance with ASTM C-739

WARRANTOR'S sole responsibility in the event its insulation fails under the foregoing warranty shall be to provide the consumer with Insulation to repair or replace the defective Insulation. WARRANTOR shall not be responsible for the cost of any labor required to carry out the repair or replacement. WARRANTOR shall also have the option of refunding the consumer's actual purchase price if: (a) the consumer is willing to accept a refund; or (b) WARRANTOR deems that it is unable to provide replacement insulation; or (c) WARRANTOR deems that repair is not commercially practicable or cannot be made in a timely manner.

To obtain performance under this warranty, the consumer must notify WARRANTOR in writing of the defect promptly following its discovery, and must submit with this notice proof of the date of purchase, and the date, location, and a description of the notable or unusual circumstances under which the defect occurred or was first noticed. Notice shall be given in writing to Modern Insulation Inc., 1206 S. Monroe St, P.O. Box 157, Spencer, WI 54479

#### – LIMITATIONS –

Without limiting the generality of the foregoing, WARRANTOR shall not be liable for and this warranty does not apply to any failure, defects or damages resulting from or connected with the following:

1. Failure to install Weather Blanket Cellulose Insulation in accordance with WARRANTOR'S written instructions;
2. Misuse, neglect or failure to preserve the Insulation or area in which it is applied;
3. Impact of foreign objects, fire, hurricane, tornado, or other violent storm or casualty, or acts of God;
4. Defect, failure of or damage to the wall or ceiling against which the Insulation is resting, caused by movement, distortion, cracking or setting of such wall or ceiling or the foundation of the building.
5. Actual coverage may be influenced by job conditions and applicator technique.

This warranty contains the entire obligation of WARRANTOR with respect to its Cellulose Insulation and is in Lieu of all other warranties, liabilities whether in tort or in contract, or statutory, except that the duration of any implied warranties of merchantability and fitness for a particular purpose that the consumer may otherwise have are limited to the duration of this written warranty. In no event shall WARRANTOR be liable for consequential or incidental damages of any kind, including any damage to the building or residence where the insulation is installed, its contents or any persons herein.

Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusions may not apply to you. No representative of WARRANTOR or its distributors or dealers is authorized to make any changes in or modifications to this warranty.

This Limited Warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

This warranty will apply to subsequent purchasers of the property where installed.
